

"Quantum Physics and the Existence and Origins of Electronic Voice Phenomenon and Near Death Experience"

By Shawn Halpenny and Terri Musgrave© 2007

$$P = \langle \psi | \Pi | \psi \rangle = |\langle \psi | \phi \rangle|^2. \text{ Interpretation! (The ART of Observing)}$$

Come on down the rabbit hole with us! Here is our theory in short form.

Newtonian law $\sum E = E_k + E_p$

breaks down at Quantum levels and that is when

Quantum Laws take over...Quantum mechanic $\epsilon = h\nu$ states that

Entanglement $\frac{1}{\sqrt{2}} (|0\rangle_A \otimes |1\rangle_B - |1\rangle_A \otimes |0\rangle_B)$ "THE" Basic of Quantum Mechanics, connects us to all beings and the universe at large...also the Bose-Einstein "Unified field" (or Hawking's Superstring Field) $SU(3)_C \times SU(2)_L \times SU(2)_R \times U(1)_{B-L}$ at the Planck scale

1.616×10^{-35} meters (German Physicist Max Planck) is pretty much the basement of the universe where there is Information and Pattern...in other words the "Fabric" of the universe...The Quantum "information" embedded at the Planck Scale is the Proto-conscience of all...

$$\frac{1}{v^2} \frac{\partial^2 u}{\partial t^2} = \frac{\partial^2 u}{\partial x^2}$$

OK, so using Entanglement combined with Quantum Cohesion

$$|\alpha\rangle = e^{-\frac{|\alpha|^2}{2}} \sum_{n=0}^{\infty} \frac{\alpha^n}{\sqrt{n!}} |n\rangle$$

ergo "Near Death Experience" and "Electronic Voice Phenomena" can be theorized as follows.

While the brain is functioning and metabolism is acquiring, the Quantum Cohesion and Quantum computation are being driven by said metabolism. When this ends and the blood stops flowing and the Quantum information is free of it's binds it is dispersed to the universe at large...and because of Entanglement and the universe being holographic IE:

In the enfolded [or implicate] order, space and time are no longer the dominant factors determining the relationships of dependence or independence of different elements. Rather, an entirely different sort of basic connection of elements is possible, from which our ordinary notions of space and time, along with those of separately existent material particles, are abstracted as forms derived from the deeper

order. These ordinary notions in fact appear in what is called the "explicate" or "unfolded" order, which is a special and distinguished form contained within the general totality of all the implicate orders. (Bohm, 1980, p. xv)

The beings information that exists in the Planck Scale does not dissipate entirely

$$\frac{L_c \Delta \lambda}{\lambda^2} \approx 1$$

and remains in a phased relationship. Therefore it can and does exist outside the body. (Down the rabbit hole, DVD 2007)

"YOU ARE NOW FREE TO ROAM THE UNIVERSE!"

So EVPs and NDEs are NOT Paranormal but quite normal...existing as

$$A(k) = \frac{1}{\sqrt{2\pi}} \int_{-\infty}^{\infty} f(x,0) e^{-ikx} dx$$

Packets of information bubbling up from the Planck Scale like glistening pops in soda water...some conscious of our presents and INTENT ("INTENT" read "The Secret Life of Plants")

IE: EVP: "Do you have a right to collect these sounds"...Some not so conscious IE: EVP: Give Jones the map". (M.A.P.S., Shawn Halpenny, Terri Musgrave 2006)

It (The Packet) could prove to be the Spiritual "Soul" of our human existence, Gods true "GIFT" to Mankind. Conscious (Self-Aware) after passing Earths plane of reality. Still quite capable, and sometimes quite willing to interact with those that are still in this plane of existence. IE: EVP: "These are the Sheep God wants next" (GPPRS, Dan Hamlett 2006)

Conclusion

In the coming months Terri and I will detail experiments recording EVPs with the use of Faraday chambers and digital audio recorders. With and without microphones. If recording of voices responding to our "INTENT" can be established from the isolation of a Faraday chamber it would prove beyond a doubt that our theories have merit.
